Tech Assistance Group to begin

On Wednesday, August 6th the Union-Snyder Agency on Aging and Riverwoods Senior Living Community joined together to show the first area showing of Cyber Seniors at the Campus Theatre, which served as the kick-off of their version of this exciting intergenerational program. Cyber Seniors is a humorous and heartwarming documentary feature, which chronicled the extraordinary journey of a group of colorful senior citizens, as they discovered the world of the Internet, through the guidance of teenage mentors. The CommUnity Zone will be taking names of students who are interested in signing on to what we guarantee will be a very rewarding experience. For more information, please contact us here at the CommUnity Zone at 570-238-1818 or email us at the address above.

The Lewisburg Club Inc.

One of the greatest contributions anyone can render to its community is to be a member of an organization that donates its time and energy to raising funds for the benefit of all. Join one of the three service clubs and help make our community a better place to live

We officially welcome the Lewisburg Club as our newest partner. The Club is host to the local chapters of the Lions, Kiwanis, and Rotary Clubs. They are located at 131 Market St, Lewisburg, PA 17837. For more info contact them at (570) 523-3711 or email lewisburgclub@windstream.net www.lewisburgclub.com/

Partner Organizations keep the CommUnity Zone going with donations of \$600 per year. For information on how your organization can join us, please visit:

Exciting news: Going Green with Innovative Technology

The ShowerFish is an innovative showerhead that is manufactured in the USA that positively impacts the environment by saving water and energy.

It is an environmentally friendly and cost effective alternative to your shower experience that provides constant water pressure with a micro-pulsing sensation due to a unique hammered water affect along with an aeration process.

Everyday showerheads use, on average, 3.5 gallons of water for every minute spent in the shower. The ShowerFish, on the other hand, uses a mere 1.5 gallons per minute. The savings are astronomical - for a ten-minute shower, an average of 20 gallons of water is saved per shower.

The good news is one of our very own residents here in the Susquehanna Valley is the inventor and it is only \$62.00. Through a special arrangement he is offering a 10% discount for every showerhead ordered and will match that discount with a donation to CommUnity Zone. For more information or to order please visit the website below and use Promo Code ZONE at checkout.

CHESS Anyone?

The CommUnity Zone is excited to be hosting a weekly chess group for players of all ages and abilities. It will be led by Thomas Koconis, a chess loving student from Lewisburg High School. Please contact us if you would like to be informed of the dates and times. Our hope is it will begin mid-September.
